Dear Friends of the Class,

I am glad to advise you that the National Associations members of ISMA have adopted the following Class Rule :

- 1. *All sails measured after March 1st, 2005 shall carry the official certification mark near the tack. The certification mark shall be signed and dated by the measurer.***
- 2. *Certification marks can be acquired from ISMA at a price determined from time to time by ISMA General Meeting.***
- 3. *Certification marks must be attached in a permanent way.***
- 4. *Certified sails may be used by any yachts”.***

This was unanimously resolved through a mail vote in which the following nations cast a vote : France, Great Britain, Sweden, Switzerland and USA. The price of one certification mark is € 100.- for the time being.

It was also resolved to maintain the membership fee payable to ISMA at its current level of € 100.- or equivalent in another currency.

The certification marks are available from the ISMA Treasurer :
